About us

HenyBenny Creations, the brainchild of **Juliana Sarangthem**, is out-of-the-box Home and DIY Décor, which is chiselled by creativity and crafted with hands. Made from Water Reed Grass “**Kauna**”, the **eco-bio-friendly handicraft** has its heart in Manipur and carry a stamp of sustainability.

Juliana is better half of an Army officer, a mom of two beautiful daughters and a post-doctorate fellow in Biochemistry. And now she is enjoying her new avatar in the form of a full-time entrepreneur where she brings the right balance between entrepreneurship and creativity. She is passionate about promoting the artisanal products, especially from **Manipur & Northeast of India**.

The **HenyBenny Creations** tries to bring out the perfect amalgamation of trend and culture. By buying our out-of-the-box décor pieces and practical DIY projects, our customers not only take a green step towards sustainable fashion but also support the families of hundreds of talented artisans of North-East.
